**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It is important to me for broadband service to be available. Competition provides an alternative to constant rate hikes by the largest companies and slows down the advancement to all fiber optics replacing of cable. My previous connections to the internet were always being compromised even though I live in the heart of San Francisco. Please stop the big companies from squashing their competition.
